**Monitor Your Situation  
With the latest Video Monitor Technology**

## ***SEE WHAT YOU'RE MISSING.***

AWT's state of the art Video Monitors are reliable, durable, and user-friendly. They are designed to withstand shocks up to 10G, as well as vibration, water intrusion, salt, and extreme temperatures.

When combined with the 3rd Eye™ Rear Vision Camera System, AWT Monitors allow drivers to maneuver around difficult or dangerous driving situations while backing up, turning, or changing lanes.

AWT's exclusive integrated PressurePro wireless Tire Pressure Monitor brings this important information to the same screen.

### ***AWT07HDLCD***

- Auto Day Light Sensor
- 7" High Performance TFT LCD: 1440(H) x 234(V)
- Support for 4 CCD Inputs + 1 AV Input
- Support for Single, Split, Triple and Quad-Picture Display
- Provides 2 Video Signal Output (Live/Quad)
